DRY & COOL FEET ALL DAY LONG

Shoes and boots with GORE-TEX® SURROUND™ product technology are designed for indoor and outdoor use in moderate or warmer conditions. They are durably waterproof and highly breathable all around your foot. Water stays on the outside while perspiration can easily escape from the inside.

Your feet stay dry and comfortable even at higher temperatures.

GORE-TEX® SURROUND™ Hiking Footwear

THE FIRST OUTDOOR FOOTWEAR OFFERING ALL-AROUND BREATHABILITY COMBINED WITH WATERPROOFNESS

Shoes and boots for hiking and multisport activities. The patented construction allows moisture and warmth to escape from below the foot through the GORE-TEX® liner into a spacer and from there out of the shoe via side ventilation. As a result, your feet are drier, enhancing your sense of well-being and reducing the risk of blisters and chafing.

1 When the play button is clicked it will pop up and play in the browser like <http://www.stamptready.net/>'s hero video when the button is clicked. Truly centered if possible. On tablet and mobile when a video is played it takes over on the YouTube app, so there is no need for an additional display on those.
